Retail				\$539.84		

- KPMI® designed and custom wound 0.640" lift springs manufactured by Performance Springs Inc.
- Lightweight Titanium or Heat Treated Steel Retainers and Beehive Springs reduce reciprocating mass while providing the spring forces required for high-lift camshaft and sustained high rpm's
- Ultra strong high angle 9° HT Steel keepers resist "pull thru"
- KPMI® made OEM replacement seals, #71046-8 are included for a more complete performance valvetrain solution
